Reactions from Customers

"I hired Bubble Soccer Geelong for a bucks day. What a great day! All of the boys loved getting in the comfy blow up soccer balls, running around blowing off some steam and occasionally spotting their best mate for a bump. It is quite tiring so it was also great sitting out watching and seeing the big hits and clever goals. The staff were on their A game with refereeing and making sure everyone had a good time. A highly recommended activity for any group. Thanks for all of the fun team." - Tim S, Torquay
